2025 Q1 Portfolio Collateral

Steward prioritizes issuing loans secured by hard assets (Real Estate, Infrastructure, & Equipment) to protect against loan loss in a downside scenario. A secondary focus is collateral composed of easily liquidated assets (Cash & Cash Equivalents) to mitigate some of the timing concerns surrounding liquidating hard assets. We believe the current mix of collateral provides Steward Credit LLC and our lenders adequate safety, even in a stress-test scenario where multiple loans default simultaneously.
